24Bottles x Ducati

Quella con il marchio 24Bottles è la collaborazione tra due brand innovativi che si sono incontrati per creare dei prodotti sostenibili, di alta qualità e caratterizzati dal design Made in Italy. Ducati e 24Bottles hanno dato il via ad un nuovo progetto che unisce due eccellenze italiane, con l'obiettivo di realizzare borracce dal carattere sportivo e con un minor impatto sull'ambiente. Realizzati in acciaio inossidabile 18/8, i prodotti 24 Bottles x Ducati sono funzionali e di tendenza: irrinunciabili tanto per le uscite in moto, quanto per la routine quotidiana.

Ducati's partnership with 24Bottles is a collaboration between two innovative brands that have come together to create sustainable, high-quality, Made in Italy products. Ducati and 24Bottles have kicked off a new project that brings together two leading Italian companies, with the aim of making insulated water bottles with a sporty appeal and a decreased impact on the environment. Made from 18/8 stainless steel, 24 Bottles x Ducati products are practical and trendy, and are just as indispensable for motorcycle outings as they are for the daily routine.
